To Whom this May Concern,

The purpose of this letter is to recommend All Access Flooring for any scope requiring Raised Access Flooring solutions. The team was able to provide clear direction from the beginning of the project until completion. RAF is a system I recommend to people who enjoy the freedom of customization within there spaces. Thanks for the hard work All Access Flooring and looking forward to the opportunity to work with you again!

Sincerely,

A handwritten signature in black ink, appearing to read "Amit Patel".

Amit Patel

Vice President & General Manager
